

AIRPORTS IN CHARLESTON, SC

CHARLESTON INTERNATIONAL

Conveniently located in North Charleston, it's the largest airport in the area. Offers both domestic and some international flights. Due to Charleston's growing popularity, it has become a hub in the south. Boasts United, American, Delta & more.

MOUNT PLEASANT REGIONAL-FAISON FIELD AIRPORT

A smaller, general aviation airport that serves primarily private & general aviation aircraft rather than commercial flights. Features a single runway & is used by private pilots, local businesses, & aviation enthusiasts for various purposes, including personal travel, flight training, and corporate flights.

CHARLESTON EXECUTIVE AIRPORT - JZI

Located in Johns Island, it caters to private and corporate aviation rather than commercial flights. Serves as a reliever airport for Charleston International Airport, alleviating some air traffic by accommodating smaller aircraft, flight training, charter services, and private flights.

SUMMERVILLE AIRPORT

A public airport located in Summerville serving general aviation needs in the Berkeley County area. This airport primarily caters to private pilots, recreational flyers, and smaller aircraft rather than commercial flights.

DORCHESTER COUNTY AIRPORT

A small county owned airport with one runway. Charleston Flight Schools hosts flight lessons here. Located right next door to the Summerville airport.
