

# *CYCLING IN CHARLESTON*

## Coastal Cyclists

One of the most prominent clubs is Coastal Cyclists, a recreational bicycle club that offers a variety of weekly rides and promotes cycling education, safety, and advocacy in the community. They are a welcoming group for both new and experienced riders and host events throughout the year.

## Low Country Cycling

Another group you might consider is Low Country Cycling, which connects cyclists in Charleston for various types of rides, from casual to more intense routes. They often coordinate rides through social media platforms and Strava, ensuring up-to-date information on events and meetups.

## Charleston Bicycle Company

Charleston Bicycle Company is a full-service bike shop, located West Ashley, that strives to create exceptional shopping, riding, and social experiences for cyclists of all ages and skill levels. They have been proudly serving the Lowcountry cycling community since 1972!

## Charleston Cycle Chicks

For women cyclists, the Charleston Cycle Chicks is a great option. This social cycling club focuses on promoting and advocating for women's cycling in the area. They organize rides for all skill levels and aim to build a supportive community of female cyclists.

## Zwifter

Charleston Area Zwifters is a virtual cycling club that brings local cyclists together for real-world group rides. They use the Zwift platform to organize and coordinate these activities, making it a great way to stay engaged with the community even when riding indoors.

## Blue Sky Endurance

Located in Mt. Pleasant, Blue Sky Endurance is Charleston's premier dealer of triathlon and road bikes from the sport's most recognizable brands. They have skilled bike mechanics for all of your bike maintenance and fitting needs.

## Lowvelo

LOWVELO is an annual fundraising cycling event in Charleston, benefiting cancer research at MUSC Hollings Cancer Center. The main even takes place in November but there are associated activities year-round. There is something for every skill level!
